A Corning Brand

CORNING'S FAMILY OF BRANDS IS GROWING!

We are pleased to present the Corning Ordering Guide which includes product ordering details for our new family of brands.

Through acquisition and ongoing R&D investment, Corning now offers a more comprehensive range of premium, innovative laboratory products and solutions for a wide spectrum of life science applications. Our trusted, quality brands, backed by technical expertise, provide researchers with better ways to advance their research from the beginning of their process to the end.

In this part of guide, you will be able to find our complete range of Laboratory glassware and plasticware under Corning premium brands such as Corning®, Costar®, Gosselin™ and PYREX®.

To provide complete workflow solutions to researchers in Life Sciences, we are increasing our portfolio of solutions and including high quality Pyrex Laboratory Glasswares, reusable plastics and Gosselin range of Microbiology range of products in this guide

Through these brands, we are committed to meeting customers' unique and changing needs with original solutions for today's emerging life sciences technologies. Our dedication to quality, technology and innovation continues to enable us to produce the world's most comprehensive line of life science tools.

For detailed information on the products included in this Guide, please visit our website www.corning.com/lifesciences to access our extensive library of technical articles, application notes, protocols, bibliographies, technical posters and selection guides.
