

Corning® Borosilicate RTU Vials with SG EZ-fill® Technology

Corning product reliability with the flexible packaging technology you trust

As the pharmaceutical and biotech industries broaden drug offerings, there is more complexity to manage while keeping costs low. To meet the demand for flexible manufacturing, improved speed to market, reduced cost of ownership, and improved glass quality, Corning offers a diverse range of sterilized Type I ready-to-use (RTU) vials in Stevanato Group's (SG) EZ-fill® technology secondary packaging.

Corning's innovative portfolio of vials in RTU format provides:

- The high level of product reliability and quality you can expect from Corning
- Wide variety of products in-stock, and made-to-order in three months or less from order
- Industry standard SG EZ-fill technology allows seamless implementation
- Reduced Total Cost of Ownership (TCO)
- A broad portfolio: Borosilicate, Velocity®, Viridian®, or Valor® glass vials

**Clean, sterile, depyrogenated glass containers.
The quality you need. Available when you need it.**

Corning Borosilicate Vials	Corning Velocity Vials	Corning Viridian Vials	Corning Valor Glass
High Quality Type I Glass	Better Performance, Better Quality	The future of Sustainable Glass Packaging	Optimal Product for Patient Safety
			
<ul style="list-style-type: none"> • High Quality Type I Tubular glass • Short lead times • Available in diverse sizes and format 	<ul style="list-style-type: none"> • Protective external coating preserves vial quality and reduces risk of particle contamination • Short lead times • Available in diverse sizes and format 	<ul style="list-style-type: none"> • Up to 30% reduction in Scope 3 CO₂ emissions • 20% less glass material waste • Short lead times 	<ul style="list-style-type: none"> • Eliminated risk of delamination • Improved chemical durability • Significantly reduced risk of breakage

Ordering Information

Products may not be available in all markets.

- Wide variety of products in-stock, and made-to-order three months or less from order
- Minimum order volume: 1 carton
- Shipped on EU standard 1200 x 800 mm plastic pallets

N&T: Nest and 2-inch Tub; N&3T: Nest and 3-inch Tub

Product Specifications and Quality

Vial Type	Type I borosilicate uncoated clear vial
Blowbacks	EU
Sizes	• ISO 2R to 30R • Custom configurations available upon request
RTU Formats	SG EZ-fill, nest and tub, and tray configurations
Sterility	Method: EtO (Ethylene Oxide) • Residual EtO: <1 µg/mL • Residual ECH: <50 µg/mL
Seal and Bag	Double bagged with durable full sided Tyvek® 1073B steribags
Shelf Life	4 years and 10 months from the date of production

RTU Format

Nest and Tub (N&T)

Tray
