

## TERMS AND CONDITIONS OF SALE

The terms and conditions of sale contained herein (the “Sales Terms”), together with any specifications (“Specifications”) provided by Corning Automotive Glass Solutions (Hefei), Co. Ltd. (“Corning”) and for the products and goods sold by Corning (the “Products”), apply to all quotations made and purchase orders (each, a “Purchase Order”) received by Corning from a purchaser (the “Buyer”) upon Corning’s acceptance of any Purchase Order from the Buyer and are the exclusive binding agreement between the parties regarding the Products. Corning’s acceptance of any Purchase Order from the Buyer is conditioned upon Buyer’s assent to these Sales Terms in lieu of all other terms including, without limitation, the terms contained in Buyer’s Purchase Order. Corning expressly rejects all provisions contained in communications from Buyer that conflict with or are inconsistent with the terms contained herein. No Purchase Order and no addition or deletion or other modification of these Sales Terms or other agreement proposed by Buyer shall become binding upon Corning, whether advanced by document, purchase order, confirmation or otherwise, unless specifically agreed to in a writing executed by an authorized representative of Corning. Corning’s failure to object to any of the provisions contained in Buyer’s documentation shall not be deemed a waiver of these provisions.

1. Non-Cancelable by Buyer. Any Purchase Order subject to these Sales Terms shall be non-cancellable in whole or in part by Buyer except with the prior written consent of Corning. In the event of any cancellation, Buyer shall pay Corning, at Corning’s option, the following as liquidated damages: (a) invoice price of all Products that are identified in Buyer’s Purchase Order; (b) actual costs incurred by Corning for Products not completed which are allocable to the balance of Products ordered by Buyer, including the cost of discharging Corning’s liabilities which are so applicable, and the costs of materials on hand which were acquired or produced in connection with Buyer’s Purchase Order, plus a reasonable allowance for profit in connection with partially finished work and materials; and (c) a reasonable allowance for profit in connection with Products ordered in relation to Buyer’s Purchase Order but with respect to which production has not yet begun at the time of the cancellation. Corning reserves the right to cancel any Purchase Order accepted by Corning, or to refuse or delay shipment thereof, if Buyer: (i) fails to make any payment as provided in these Sales Terms or under the terms of payment set forth in any invoice or otherwise agreed to by Corning and Buyer, (ii) fails to meet reasonable credit or financial requirements established by Corning, including any limitations on allowable credit, or (iii) otherwise fails to comply with these Sales Terms. Buyer may not cancel a Purchase Order accepted by Corning except with respect to a material breach by Corning; provided, however, that Buyer has provided Corning with sixty (60) days written notice alleging such material breach and such material breach has not been remedied by Corning within such time period; provided further, however, that such sixty (60) day period shall be extended by such time as is reasonably necessary for Corning to cure such material breach so long as Corning has promptly commenced to cure such material breach and continues its efforts to cure such material breach.

2. Price; Payment. (a) Unless otherwise agreed by the parties in writing, Buyer will be billed at the prices stated at the time of Corning’s acceptance of Buyer’s Purchase Order. Corning’s prices are exclusive of transportation, insurance, taxes, customs fees, duties and other charges related thereto, and Buyer shall pay any and all such charges and hold Corning harmless therefrom. If the prices are based on the purchase of a particular quantity of Products and Buyer fails to purchase that quantity which would justify the pricing granted, Corning shall have the right, in addition to any other remedies at law or equity, to (i) recover from Buyer the difference between the stated price and Corning’s standard prices for such Products in the quantity actually purchased by Buyer or (ii) adjust future pricing for any order of the Product by Buyer. If exemption from taxes is claimed, Buyer must provide a certificate of exemption at the time Buyer’s Purchase Order is submitted to Corning, and Buyer agrees to indemnify Corning for any unpaid taxes in the event such exemption is not applicable.

(b) Unless otherwise agreed to by Corning in writing, payment shall be made net cash, in Chinese Yuan, within sixty (60) days from the date of Corning’s invoice to Buyer without setoff of any kind. Any credits or setoffs alleged by Buyer to be due from Corning shall not be deducted from the amounts due Corning under Buyer’s Purchase Order until Corning shall have issued and delivered to Buyer Corning’s credit memorandum authorizing such deduction. To the extent permitted under applicable law, past due accounts and sums improperly deducted shall accrue interest at the lower of (i) 2.5% p.a. above the current prime rate quoted by Citibank, N.A. in New York City, New York, USA or (ii) the highest rate permitted by applicable law. Additionally, Buyer shall pay to Corning all costs and expenses incurred by Corning in seeking collection of any amounts owed by Buyer to Corning.

(c) If Corning accepts partial payment in an amount less than the full amount of any invoice, such acceptance shall neither constitute a waiver of Corning's right to collect the balance nor an accord and satisfaction, notwithstanding Corning's endorsement of a check or other instrument.

(d) In addition to all other rights and remedies Corning may have against Buyer, Buyer hereby grants to Corning a security interest in all of the Products and all proceeds thereof to secure Buyer's obligation to pay the purchase price therefor and any other amounts owing to Corning by Buyer, including, without limitation, all costs and expenses of litigation, attorneys' fees and interest. In connection with the security interest granted herein, Corning is expressly authorized, at its discretion, to file one or more financing statements or other notices under applicable law naming Buyer as debtor and Corning as secured party. Buyer agrees to execute such documents requested by Corning to record and otherwise perfect this security interest.

3. Solvency. Buyer's Purchase Order constitutes Buyer's representation that Buyer is solvent, able to pay its debts when they become due and is in sound financial condition and this representation is a condition to Corning's acceptance of Buyer's Purchase Order. In the event Buyer becomes insolvent, is unable to pay its debts as they become due, has an adverse change in its financial condition or if Buyer fails to comply with the payment terms set forth herein, or if Corning has cause to believe that any such event has occurred, regardless of the accuracy or reasonableness of Corning's belief, Corning, at its option, may (i) demand payment in full prior to shipment or upon delivery or stop any delivery until Corning has received payment; (ii) cancel Corning's acceptance of Buyer's Purchase Order at any time without liability to Buyer; or (iii) reclaim any Products that have been delivered to Buyer but remain unpaid for upon demand.

4. Title and Shipment. (a) Unless otherwise agreed to by Corning in writing, all shipments of the Products are made EXW (Incoterms 2020). Corning reserves the right to make delivery in installments and such shipments to be invoiced when shipped. Delivery of any of the Products by or on behalf of Corning to any common carrier or to any other carrier or agent for shipment to Buyer, or such other party as Buyer shall designate, shall be deemed delivery thereof to Buyer for all purposes and, thereupon, title to such of the Products and risk of loss thereof, including damages or theft in transit, shall immediately be transferred to and be deemed assumed by Buyer, regardless of any freight terms of any shipping agent that has been specified by Buyer.

(b) Shipping dates are approximate and acceptance of Products by Buyer shall constitute a waiver of all claims due to delay in delivery. In the event that there should be a shortage of any Product for any reason, Corning may apportion its available Products among itself, its affiliates and all its customers in such a manner as it deems reasonable in its sole discretion. Buyer acknowledges and agrees that Corning shall have no liability to Buyer with respect to any such shortage, delay in delivery or apportionment of Products.

5. Inspection. Buyer shall inspect the Products upon delivery and shall notify Corning within five business days of any defective or non-conforming Products. Buyer shall be deemed to have accepted the Products if Buyer fails to notify Corning of any defective or non-conforming Products in such 5-business day period.

6. Returns. Any Product return shall be returned to Corning ONLY upon assignment of a Return Material Authorization (RMA) Number by Corning. Any Product returned to Corning without a RMA Number will be refused and returned to Buyer at Buyer's expense.
